

Valet Parking Management System

Complete operations management technology

Total revenue control

Flexible rate structure

Speeds vehicle deliveries

Multiple ticket options

Records vehicle survey

Supports pre-paid permits

zControl is a complete operations management system for valet parking operations. Provide your parkers with efficient service, empower your staff to achieve higher performance standards and have operations control at your fingertips.

ZipPark's Valet Parking Management System is perfect for hotels, airports, hospitals, shopping centers, casinos, convention centers and much more.

Enhance the customer experience

Accept cash and credit card payments in only a few seconds and accept preprinted parking permits.

Convenient checkout. Equip your site with self-serve kiosks, POSs', and mobile POSs' and let customers choose their check out method.

Hassle free contract parking. Monthly or prepaid parkers can call for their vehicles ahead of time. Place vehicle request kiosks in the lobby or by the elevators for unbeatable customer service.

Upsell. Sell car wash, tire rotation, and anything else you can dream up.

Empower your employees

Adaptable screens. Collect as much or as little information about the vehicle as needed. Fields can be turned on or off depending on the needs of the operation.

Multiple ticket options. Issue tickets-on-demand or use our pre-printed ticket system to respond to rushes and collect information later.

Flexible Rate Structures. Configure different rate structures for day, night, event, early bird, long term and prepaid permit parking.

Valet Parking Management System

Real-time operations. Empower the staff with live actionable information: monitor capacity, change rates, manage vehicle deliveries and more.

Keys monitoring. Attendants will never walk out with the car keys again: after the car is parked, system will request the key scan.

Vehicle location tracking. Enter vehicle location into the system to make retrieval quick and easy.

Precise vehicle surveys. Point-and-click ease makes recording precise damage simple and accurate.

Durable equipment. Built to survive severe environments and harsh handling, industry-leading Motorola™ MC75A lightweight mobile computers and Zebra™ mobile printers provide trouble-free operations.

Manage your operations from any place

Web based access. Create events, configure rates, run real-time attendant performance and operations reports from anywhere.

Valet and event parking...at the same time. Set aside self-park spaces and lots, charge a flat fee at the entrance and run both services without any additional software or equipment.
